2. Name of the department:- Medical Department
3. Brief History of the Subject: - Medical care through its hospitals, dispensaries and MCWCs is an obligatory function of the council under section 11 of NDMC Act 1994. All basic and essential medicines required by these institutions for the treatment of patients are provided free of cost by NDMC. A sum of ₹500 lakhs has been allocated by the council under head of account 34/230.80.47 in the budgetary estimates for the year 2014-15 for this purpose.

The department had registered/empanelled 52 firms for three years vide council's resolution no. 02(E-2) dated 27.06.2013 (Annexure 'A' See pages 128 - 130). The supply orders are placed every quarter (or in between if the need so arises) to the firms, approved for the specified drug, at a rate approved in the rate contract, strictly following the inventory management instruction, as resolved by the council resolution no.26(E-6) dated 19.12.2007 (Annexure B See pages 131 - 132).

Forty three out of the fifty two firms empanelled with NDMC participated in the tender process. A comparative statement of the rates quoted for each and every salt/preparation by these participating firms was drawn up and the firm which quoted the lowest
