Dear Sir,

This is in reference to MoU signed between Delhi DISCOMs and IPGCL to float the tender for 24 MW aggregate capacity under various CAPEX and RESCO categories on behalf of DISCOMs and IPGCL to handover the list of bidders who matches the L-1 price in each category.

IPGCL floated the different 10 Nos. of tenders under CAPEX and RESCO Categories on 22.02.2020 with Bid submission and opening date 13.03.2020 for CAPEX parts. Under CAPEX Part E (1 KW to 3 KW capacity elevated) E-tender was floated for 1500 KW capacity.

On Bid submission end date i.e. 13.03.2020, following 16 numbers of Vendors submitted bids, their details and status of the bid are as under:

S. No.	BIDDERS NAME	Tech Bid	Price Bid	Remarks
1	M/s Amplus KN One Power Private Limited	Opened	Opened	L-1
2	M/s ZunRoof Tech Private Limited	Opened	Opened	L-2, accepted L-1 price

Under CAPEX Part - E (1 KW- 3 KW elevated), L-1 project cost received is INR 37,000.00 per KW (inclusive of structure height upto 1 meter) and structure cost for additional height INR 1,100.00 per meter per KW which is summed as per the RFs to total project cost of INR 39,200.00 per KW (as per the RFs calculated as total project cost per KW = Project cost per KW (inclusive of structure height upto 1 meter) + 2* Structure cost for additional height per meter per KW) from M/s Amplus KN One Power Private Limited (L-1 Bidder).

Further, as per RFS clause No. 1.5.3.4, total 3 numbers of vendors (except L-1) at S.No. 2 to 4 in the above table are within price bracket of (L1+30% of L1) were approached for acceptance/matching of L-1 price, since only one vendor is in the (L1+25% of L1) range. The email for acceptance of L-1 price was not sent to bidders from S.No. 05 to 11 since their quoted price is above (L1+ 30 % of L1) range. The list of bidders with merit position who has given consent for matching of the L-1 project cost in CAPEX Part - E, (1 KW - 3 KW capacity elevated) is as under

Sub : List of vendors empanelled for CAPEX work to implement the grid connected roof top solar PV panel for residential building of Delhi

Sir,

Reference is invited on your letter No. D/241/CEE-I dated 17.12.2020, wherein, it was informed that MNRE vide letter No. 318/63/2019 dated 24.11.2020 has sanctioned allocation of 1.5 MW capacity solar power to NDMC under phase-II of grid connected roof top solar program in FY 20-21. MNRE has accorded approval to NDMC to empanel the vendors finalized by IPGCL on 27.05.2020 for execution of roof top solar PV project in NDMC area for residential buildings.

In this connection it is to inform that IPGCL has executed MOU with DISCOMs and floated the tender on the behalf of DISCOMs for implementation of 24 MW Solar PV Projects under CAPEX and RESCO scheme of MNRE. The open tender/ RFS were floated in the month of February 2020 for calling bids from vendors. After finalizing the vendor for empanelment, list was sent to the DISCOMs in the month of May to July 2020 for award of LOI/ LOA to vendors.

The tender was segregated in the different categories by DISCOMs as tabulated below. The project cost discovered through open tender in various CAPEX categories A to F is mentioned in a last column.

S. No.	Category	Proposed Capacity*	Bid Capacity Combined for three DISCOs	MNRE Bench Mark Cost in Crore /MW for FY 2019-2020	Discovered Project Cost through open tender (INR)
1	CAPEX - A	1 kWp to 3 kWp	1.5 MW	5.4 Crore/ MW	37,000.00 per KW inclusive of structure height upto 1 meter (per KW)
2	CAPEX - B	3 kWp to 10 kWp	1.5 MW	5.4 Crore/ MW	37,000.00 per KW inclusive of structure height upto 1 meter (per KW)

3	CAPEX - C	10 kWp to 100 kWp	3.0 MW	4.8 Crore/ MW	37,790.00 per KW inclusive of structure height upto 1 meter (per KW)
4	CAPEX - D	100kWp to 500 kWp	3.0 MW	4.5 Crore/ MW	33,931.00 per KW inclusive of structure height upto 1 meter (per KW)
5	CAPEX - E	1 kWp to 3 kWp elevated with 3 M height	1.5 MW	5.4 Crore/ MW	37000.00 per KW inclusive of structure height upto 1 meter (per KW) Structure Cost for additional height: INR 1,100.00 per meter per KW Total Project Cost for 3 meter height= 37000+2*1100= 39200.00 per KW
6	CAPEX - F	3 kWp to 10 kWp elevated with 3 M height	1.5 MW	5.4 Crore/ MW	31,000.00 per KW inclusive of structure height upto 1 meter (per KW) Structure Cost for additional height : INR 700.00 per meter per KW Total Project Cost for 3 meter height= 31000+2*700= 32400.00 per KW

Since, the tender was floated for DISCOMs, they have given consent to share the list with NDMC subject to following conditions -

1. This is considered as one time special case only and should not be considered as a precedent.
2. In future if NDMC seeks participation in MNRE/govt scheme and common tendering, they will have to participate in common tendering process and bear the relevant cost in proportion.
3. NDMC has got allocation of 1.5 MW capacity, this will be treated separate from the capacity for which IPGCL tender was called for three Discoms namely BRPL, BYPL & TPDDL.
4. That means this arrangement will not alter the already allocated capacity to empanelled vendors in respective Discoms under the IPGCL tender.
5. If any dispute arises because of this arrangement amongst IPGCL, NDMC, vendors and consumers (in NDMC area) etc, IPGCL and NDMC will indemnify BRPL, BYPL & TPDDL against any legal dispute/ proceedings and/or any cost thereof.

As desired, find the list of vendors for empanelment under category CAPEX A to F and copy of tender specification is enclosed hereby for further necessary action. The letter of intent and letter of allocation after submission of PBG by vendors was to be issued by the respective DISCOMs. NDMC can obtain copy of work orders if required directly from DISCOMs. In inclusion to the conditions mentioned above, NDMC shall indemnify BRPL, BYPL & TPDDL including IPGCL against any legal/ dispute proceedings arising due to this or with vendor and/or any cost thereof.
