13.	Extra charges for Mastic/Asphaltic Roads.	Sqm	1,330.00

Terms & Conditions

(3.) In addition to above the following parameters are proposed to be considered while according the road cut permission:-

- (a) The Road Restoration Charges would be computed by Road Divisions of Civil Engineering Department.
- (b.) In case of C.C. Pavement/stone pavement/brick pavements/Granite/G.R.C./tiles pavement the charges for road cutting shall be taken for a minimum width of 1 M or width of panel/panels cut whichever is more.
- (c.) In case of open cutting of bituminous roads, kaccha, footpath etc. The restoration charges will be computed for a minimum width of 1 M or multiple of 1 M width. The width for all items be considered by adding 50 cms on both sides (length &

 E. R. K. SHARMA
 Assistant Engineer (Civil)
 R/O
 NDMC, Delhi

breadth) to the actual width for which permission is required. The minimum size of pit will be considered as 2M X 2M for calculation of R.R. Charges.

- (d.) **Generally the road cutting permission for the main Bituminous Roads & Mastic Asphaltic Roads will not be granted.** The Trenchless technology can be considered keeping in view the importance of the roads. Road cutting permission, the comments/recommendations of concerned Executive Engineer will be obtained. In case the work by trenchless technology is not technically feasible, the case will be examined on merit of the case.
- (e.) The road cut permission shall be granted from 01 Oct. to 30 June or as per direction of higher authority time to time. In monsoon season no permission would be granted except of emergent service.
- (4.) These rates would be generally enhanced every year by 10% w.e.f. 1st January of each year. In case there is abnormal increase in cost of material & labour then rates would be worked out fresh based on the prevailing market rates.
- (5.) The permission would be accorded to utility providers subject to shifting of services into the service corridor at their own cost as and when the service corridor is ready for laying of services within the three month time from informing by the department. The service providers will have to pay the rent for using service corridor as decided by NDMC.
- (6.) The charges collected for Item No. 8 would be transferred to Horticulture Department for restoration of Katcha Portion (pit/open cutting) by Concerned Department.

Er. R. K. SHARM
Assistant Engineer (C)
R/Cutting
NDMC, New Delhi

- (7.) The following factors will be considered during the preparation of R.R. Charges:-
- (a) Fright Charges 2% on R.R. Charges.
 - (b) Store Keeping charges 7% on (R.R. Charges + a).
 - (c) Establishment charges 10% on (R.R. Charges + a + b).
 - (d) Department charges 18% on (R.R. Charges + a + b + c).
 - (e) Security 50% will be consider on the total cost i.e. (R.R. Charges + a + b + c + d).
 - (f) 18% G.S.T. will be considered on total cost i.e. (R.R. Charges + a + b + c + d)
- (8.) The Security, 50% and G.S.T. (18 % of R.R. Charges) will be deposited in NDMC Treasury along with the R.R. Charges from External Agencies for a period of 1 year but not less than time of completion of work.
- (9.) The security will be release after one year from the date of completion of work subject to submission of completion drawings & NOC from concerned division.
- (10) The Damage of footpath etc. due to placing of trenchless machine will be consider 10M X 2M (width) or width of footpath for both sides placing of machine & for single side placing of machine/cross of footpath, will be consider 5M X 2M (width) or width of footpath etc. whichever is more. The same will be considered on Roads/developed Green Area.
- (11.) The road cut permission will be granted to the utility provider preferably through trenchless technology method. The approved R.R. Charges for trenchless method will be considered only for laying single conduit/duct/pipe etc upto 40 mm dia. If Agency

proposes to lay, for bonafide use only, two or more conduit/duct/pipe etc with same/more dia, then R.R. Charges will be enhanced proportionately on cross sectional area, subject to conduit/pipe upto 150 mm dia. Beyond conduit dia of 150 mm, the R.R. Charges will be the 75% of the Open Cut Rates.

(12.) If any damage occurs in any service during execution of the work, the Agency will be responsible for informing to NDMC regarding damage and utility provider agency will bear the entire restoration charges. The utility provider will get it restored at his cost in the time specified by the department and pay the compensation equivalent to 25% of the Security Deposit. If the restoration is done by the deptt. the restoration charges as applicable (Basic Cost) and the departmental charges @ 23.75% of the R.R. Charges as calculated above will be paid by the Agency. In case of habitual default (more than three times in a year, Time to be calculated from the date of offence), the Agency can be debarred for executing the work in NDMC area, as per Para-17 and double of Assessment/Estimate, charges against the damage have to be deposited within two week from the date of issued demand letter, failing which the amount can be adjusted against the available deposit of the firm in the form of security etc. and necessary action under the provision in NDMC Act-1994.

(13.) At the time of submitting request for road cutting permission/fault repair/replacement of old existing cable following record/information may be provided:-

- (a) Name of executing agency with telephone number & name of responsible officers.
- (b) Five copies of proper site plan with the complete details i.e. green, footpaths & roads etc with measurements & also depicting with different colors up to R.O.W. of Road.

ER. *[Signature]* ARMA
Assistant Engineer (Civil)
R/Cutting
NDMC, New Delhi

- (c) The copy of the permission of the existing route in which the proposed route will be connected/replaced/repair.
- (d) Affidavit for bonafide use on ten rupees judicial stamp paper attested by the notary.
- (e) Scope of work i.e. intimate dia & no. of conduit/ duct/pipes etc to be laid for present use as well as for future requirement.
- (f) Agency has to submit two copies of the Ground Penetrating Radar Survey (GPRS) Report in hard as well as soft copy for feasibility with respect to proposed route plan for seeking road cutting permission to lay their services. The report shall be certified by Authorized Signatory and self explanatory, showing feasibility with respect to proposed depth of trenchless cutting through HDD method of Standard Trenchless Technology as well as for open cutting.

(14.) The permission can be revalidated four times within 90 days only, after the date of expiry of permission. 1st revalidation within 15 days after the date of expiry of permission without revalidation fee, 2nd revalidation with revalidation fee Rs. 1000/- within 30 days after expiry of the permission, 3rd & 4th revalidation after deposit of R.R. Charges 25% & 50%, of the balance work within 45 & 90 days respectively and Days of Hindrance only due to the departmental reason, will only be included in the time for which specific order issued by CE(C-I). After 90 days, fresh request will be accepted as the Original Application.

(15.) No hanging/Open to sky/Over ground level, OFC/Duct/conduit/cable will be allowed. Road maintenance division will be responsible in their respective area to cut from

R. K. SHARMA
Assistant Engineer (Civil)
R/Cutting
NDMC, New Delhi

ground level & for reporting the matter to Dir. Enforcement for removing the same.

(16.) Maximum five working days from the date of issue of permission is allowed for mobilization 1st time of the permission.

(17.) If any agency executes the work without permission/ revalidation, the following actions will be taken against the Agency:-

(a) Agency will be debarred as per details give below:-

(i) Fault committed first time- 3 Months.

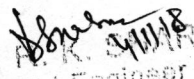

(ii) Fault committed Second time within 1 year of occurrence of first fault- 6 Months.

(iii) Fault committed Third time within 2 year of occurrence of first fault- 12 Months.

(b) FIR may be lodged against the Agency as well as contractor.

(c) Double rate R.R. Charges without Security Deposit of executed work will be charged from the Agency on Account of work executed without permission/ revalidation of permission along with the aforesaid punitive action, charges against the damage have to be deposited within two week from the date of issued demand letter, failing which the amount can be adjusted against the available deposit of the firm in the form of Security etc. and necessary action under the provision in NDMC Act-1994.

(18.) The Competent Authority can terminate/cancel the permission at any stage & agency cannot demand any type of claim/damages on this account.

Er. P. K. Sharma
Assistant Engineer (Civil)
R/Cutting
NDMC, New Delhi

(19.) Permission may be granted in phases as per approval of Competent Authority.

(20.) The revised rates given above will be implemented w.e.f. 01 Jan.'18.

(21.) (a) The consultation will be obtained from the Hort. Department, if the cutting is proposed in landscaped/green developed area.

The R.R. Charges for costly plants etc. if any will be intimated by Hort. Deptt. within 10 working days and they will be included in the R.R. Charges proposed by Civil and these charges (without security) will be transferred to Hort. Deptt. by the respective field division.

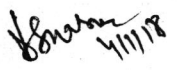

(b) The request of the Agency will be sent to Elect. Deptt. for their comments on proposed route/alignment if any within 10 working days.

(22.) All the cases of road cutting permission including the punitive action as defined above, against the Agency on account of execution of work without Permission/ Revalidation shall be examined and decided by the Competent Authority i.e. Chief Engineer (Civil).

(23.) In case of any Agency make request to withdraw their proposal and ask for refund of amount deposited, the amount may be refunded after deducting the following amount as processing charges etc.

(a) Before date of issue of permission- Rs. 2,000/-

(b) After issue of permission but before start of execution of work and confirmation in writing from field division- 10% of the R.R. Charges (excluding security), subject to minimum Rs. 2,000/-.

Er. R. K. SHARMA
Assistant Engineer (Civil)
R/Cutting
NDMC, New Delhi

(c) No refund of R.R. Charges will be entertained after start of the work, whether completed or partial completed.

(24.) In case of Applicant seeks permission for carrying out works inside of his property limits i.e. making, opening of Entry Gates/Shifting of Entry etc. only R.R. Charges will be charged without Security for the passage facilitation pathway from the Road, as the agency is carrying out the work on his property limits.

(25.) All rights are reserved with the department.
